

This spreadsheet file contains data and calculations for the paper
Heun, Matthew Kuperus, Anne Owen, and Paul E. Brockway.
A physical supply-use table framework for energy analysis on the energy conversion chain.
Applied Energy. doi: 10.1016/j.apenergy.2018.05.109.

Abstract

This dataset contains the empirical datasets for the following Applied Energy journal article:
Heun, M.K., Owen, A., Brockway, P.E. A physical supply-use table framework for energy analysis
on the energy conversion chain. Applied Energy 2018, doi: 10.1016/j.apenergy.2018.05.109.
This data set contains one file: Excel file: SuperSimpleEconomy_2018-05-08.xlsx. This file
contains figures, calculations, and matrices for Figures 1–17, Figures B.1–B.5, Figure E.1–E.3,
Figure G.1–G.2, Table 7, and Table B.1.

The relevant figures of the paper are indicated in each tab.
